MS-1000S

A2L COMPATIBLE

Order no. 0401 0127

- Supported mobile APP viewing and report analysis (curve analysis, data viewing)
- OTA (Firmware updatel) in the instrument via App, always keep the device in the best conditior
- Real-time data recording, system analysis is efficient and convenient
- Powerful computing power, supporting 140+ refrigerants

Pressure measurement range	-14.7~800psi
Pressure accuracy	±0.5%FS
Pressure resolution	0.5psi
Pressure units	psi、kg/c㎡、kPa、MPa、bar、inHg
Temperature units	℃/℉
Refrigerant types supported	Over 140 types, and they can be continuously updated via the app
Working temperature	-10~50℃/14~122℉
Storage temperature	-20~60℃/-4~140℉
Display	Segment display(Support backlight)
Interface type	1/4 SAE×3
Power supply	3x1.5V AA batteries
Operating hours(Low-power mode)	200h
Size	200x110x70mm/7.87×4.33×2.76"
Weight	1000g/2.2lb
