

April Promotion: Tecumseh Condensing Units and Compressors

Innovative, reliable and highly efficient products are the cornerstones of Tecumseh. Our products touch the lives of millions every day, driving us as a leading global manufacturer of hermetic compressors and condensing units for refrigeration and air conditioning applications.

Our wide range of condensing units are backed by 85 years of commercial refrigeration expertise. From small indoor evaporative units, to large indoor and outdoor units, we have the right solution for any demand in the commercial refrigeration market.

Tecumseh are a recognized leader in commercial refrigeration compressors. From walk in cold rooms, display cases, reach in and milk coolers to ice machines and freezers, Tecumseh design and manufacture commercial refrigeration compressors for demanding commercial environments. Tecumseh commercial compressors, condensing units and systems offer solutions that are designed to perform under tough, strenuous conditions.
